Description

iRoom's fixDock is a stylish permanent iPad in-wall solution that turns your iPad into an affordable in-wall control panel. The fixDock can be installed in the wall, but also in furniture or table tops. The fixDock comes with an installation box, so can be installed instantly. The iPad is continuously being charged by the original iPad power adapter (not included) so always ready for action! Whether you want to use the iPad as a music center or TV via streaming, as an electronic photo frame or as a control system, iRoom's fixDock is the most stylish solution. In order to prevent the iPad from being stolen iRoom is also offering a Security kit accessory (not included).
