iRoom's iDock Air Touchcode is the perfect solution whenever your iPad™ Air needs to be securely stored. For digital signage use in public areas like showrooms or shops, as control panel for boardrooms or as the intelligent concierge in hotels, the possible applications are endless. Thanks to the integrated keypad, the iPad™ Air can be locked in the docking station and can only be released by entering a 4-digit number code. The LED lit keypad is activated by a proximity sensor and will turn o after entering the security code. Your iPad™ Air is continuously charged while in the docking station. With iRoom's iDock Air Touchcode your iPad™ Air is always safely stored and fully charged.
